

TECHNICAL DATASHEET

Steni Elements

DIMENSIONS	Value	Unit	Reference
Measure A	± 2	mm	STENI quality system
Measure B	± 2	mm	STENI quality system
Measure C	± 2	mm	STENI quality system
Measure D	+ 4	mm	STENI quality system
Measure F	± 2	mm	STENI quality system
		mm	STENI quality system
$\alpha 1$	$\pm 3^\circ$	deg	STENI quality system
$\alpha 2$	$\pm 3^\circ$	deg	STENI quality system

Angles are measured on the inside of the element at 5mm from the edge and at the centre of the element (along the length, F).
Angles are measured 100 mm from the inside corner.

See also technical datasheets for the various panel-types (Steni Colour, Steni Vision, Steni Nature) for more information.
